ABOUT US

Serving with trust and quality for more than 5 years, Evergreen International is Trading of medical - surgical disposals and hygiene products. With an ultra-modern manufacturing unit, we serve our products within India. Our philosophy of continuous innovation enhances the value of all our products. There is an extraordinary effort to prevent external contamination in the entire facility and utmost care is taken during every process.

THE VALUE STATEMENT

We are committed to provide the means and being the median for all surgical equipment needs. We value perfection. We strive to manufacture products that assist the professionals in order to make their work easier. We pledge to reduce the bio-burden.

QUALITY PHILOSOPHY

At Evergreen International, we are always striving for the development, refinement and implementation of quality policies and strategies for an integrated approach to offer quality products. Not only this, we are working with partners and a network of vendors to learn how to improve the product quality at scale and in a sustainable way. We are continuously developing the technical foundations for improving the quality of products in fragile, and susceptible settings. Since our inception, we have been strengthening the infection prevention and control department, besides effort have been made for perfection in hygiene.

COTTON PRODUCTS

100% Natural Cotton. | No Foreign particles.
Low Absorbency Time. | Whiteness Higher than 85%.

ABSORBENT COTTON ROLL

Also known as Surgical Cotton or Absorbent Cotton Wool is widely consumed for medical and cosmetic applications. The fully automated state of the art bleaching line ensures superior quality product in terms of whiteness and industry leading absorbency standards.

Special Features

- Even edges.
- No loose fibres.
- Consistent Layer.
- With or without paper Interleaved.

TAPES & ORTHOPEDICS

MICROPOROUS SURGICAL TAPE

Microporous Surgical Paper Tape is your foremost choice for general taping needs. With hypoallergenic adhesive, it is gentle to fragile and sensitive skin. Highly porous and breathable, it permits moisture to escape without reducing adhesion. Our Microporous Surgical Paper Tape is flexible, thin and soft provides improved patient comfort. It tears easily to size, for easy as well as quick applications.

Special Features

- Gentle Adhesion to the skin.
- Latex-free & hypoallergenic.
- Comfortable & highly breathable to skin.
- Leaves minimal adhesive residue upon removal.

Consistent Coating

Multiple Size Options

Specification	Unit	Packaging

1/2, 1, 2,3 Inch X 5 Meter	12 Inch/Box	48 Boxes/Carton

ADHESIVE PLASTER

Adhesive plaster cloth is a type of medical tape that are commonly used to secure dressings, bandages, and other medical devices to the skin. The tape is coated with zinc oxide which acts as a healing and binding agent.

Special Features

- Breathable, stretchy and easy to apply.
- High-tack adhesive plaster.
- A cloth adhesive tape that sticks to itself, rather than the skin.
- Gentle on the skin, comfortable, durable.

Cohesive

Hypoallergenic

Specification	Unit	Packaging
1, 2,3,4 Inch X 8 Meter (5,9,10 meter upon on Demand)	12 Inch/Box	24 Boxes/Carton

PLASTER OF PARIS

Plaster of Paris Bandage is an impregnated gauze cloth containing plaster of paris crystal powder. The plaster bandages are mainly used to protect and immobilize a broken limb.

Special Features

- Fast Setting time.
- Powerful Casting Strength.
- Hardening creates sturdy cast for bone healing.
- Reduces pain, fosters healing.
- Short immersion time.

8 CM X 1 Meter	Individual Roll (20 Box / Packet)	18 Packet / Carton
10 CM X 1 Meter	Individual Roll (20 Box / Packet)	12 Packet / Carton

CANNULA FIXATOR

We offer Cannula Fixator which is made up of elastic adhesive bandage. Cannula Fixator is designed to strengthen the IV cannula on the body at the time of dripping & injecting medicines. The use of Cannula Fixator results in lesser pain and easy insulation.

Special Features

- Painless removal.
- No irritation.
- Stretches with body movements.
- With extra strip for additional adhesion.
- Allows air and humidity to pass freely.
- Non-allergic adhesive with paper liner for easy removal.

Specification	Unit	Packaging
4.5 CM X 6 CM	100 Pieces/Box	20 Box/Carton
4.5 CM X 6 CM	200 Pieces/Box	12 JAR/Carton

SOFT ROLL/CAST PADDING

Soft rolls are Cast Padding, which are basically orthopaedic rolls widely used in applications related to orthopaedic surgery. It is made of soft fibres which are known for preventing skin maceration. It absorbs exudates and sweat. When used, it acts as a cushion between bones and POP so as to lead to rapid recovery.

Special Features

- Low absorbency time.
- Consistent layer.
- Even edges.
- No loose fibres.
- Free of foreign particle.
- Whiteness higher than 85%.

Specification	Unit	Packaging
10 CM X 3 Meter	Individual Roll	150 Roll/Carton
15 CM X 3 Meter	Individual Roll	100 Roll/Carton

TRANSPARENT IV DRESSINGS

Transparent IV dressings with adhesive cannula fixators are specialized transparent dressings designed to secure an intravenous (IV) cannula in place. The transparent film of the dressing allows for easy monitoring of the IV site, making it easier to detect any signs of infection or complications.

Special Features

- Waterproof film reduces infection risk in wounds.
- It has non-traumatic adhesive for fragile skin.
- Flexible & gentle on the skin.
- STERILE, individually packed.
- Provided with a date identification sticker.
